MYSORE PUBLIC WORKS DEPARTMENT, 138-
CENTRAL OFFICE, OF ACCOUNTS, . 1

Rys. O.O.L.68. 5/2

Dated Bangalore, the 9 Dec: 1916.

FROM

To

Sir,

I have the honor to forward, for the information of Government copies of correspondence between this office and the Accountant General Railways, Simla with reference to certain alterations in the exhibition of the transactions relating to the Mysore State Railways on page 141 of the Finance and Revenue Accounts of the Government of India for 1914-15, as noted in the margin.

I have the honor to be,

Sir,

Your most obedient servant,

For Offg: Comptroller,

P. W. & Ry Branch.

MT.

This office letter No. 2381/ Rys. O.O.L.2 dated 13th September 1916 to Accountant-General Railways.

Accountant-General's reply dated 27th November 1916 (No. 1369).

Copy of letter No. 2381/Rys. O.O.L. 2 dated 13th September 1916 from the Comptroller of Mysore, Public Works and Railway Branch to the Accountant General, Railways.

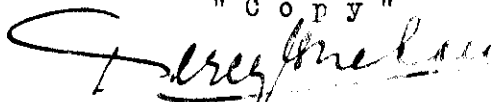

.....

I have the honor to invite reference to the entry relating to the Mysore Railway on page 141 of the Finance and Revenue Accounts of the Government of India for 1914-15. The Railway referred to in this account is apparently the Mysore Harihar Section, the interest on the sterling loan raised for which line is guaranteed by the Secretary of State. The Capital outlay of the Railway ~~of the Railway~~ on the 31st March 1915 is given as £ 1,224,000 which is only the amount of the sterling loan with the premium of £ 24,000. The outlay met from the current revenues of the Durbar after the loan funds were exhausted has been omitted to be taken to account. The Capital outlay given in column 3 is therefore understated. The actual Capital outlay on 31st March 1915 was Rs. 1,87,16,307/- according to the method of calculating it mentioned in the note at foot of the account (No. 51).

Again the net receipts shown in column 4, should be these of the Mysore Harihar Section alone but as a matter of fact the entire net receipts of all the lines of the Durbar including branch lines worked by the Madras and Southern Mahratta Railway Company have been taken into account. By understating Capital and by taking branch line revenue as belonging to the Main ~~line~~ line, the rate of return is shown to be higher than what is really is.

I request you to be so good as to have the entry examined and necessary alteration made in it in the next issue of accounts.
